

New Website, Bitcoin Simplified, Aims to Provide Education and Awareness about Bitcoin Currency

The website provides readers with a host of useful information to help others invest safely and wisely.

LONDON, UNITED KINGDOM, January 15, 2021 /EINPresswire.com/ -- A brand-new platform, [Bitcoin Simplified](#), is pleased to announce it is providing invaluable education and awareness to its readers about Bitcoin currency.

Bitcoin Simplified is a comprehensive platform dedicated to everything related to Bitcoin. Visitors to the site don't need to have any prior knowledge about blockchains or cryptocurrencies in order to understand and navigate the platform. Instead, Bitcoin Simplified aims to educate readers about the process of mining, purchasing, and selling/trading Bitcoin through informative videos, articles, books, community forum, step-by-step guides, and social media posts.

"When I founded the website, it was my goal to pass on the knowledge I've gained as a crypto investor to others," says founder of Bitcoin Simplified, Naseef Ramzi. "As I've learned, it's not possible to learn everything there is to know about Bitcoin in just one day. As such, Bitcoin Simplified offers readers many ways to learn about this complex process, from how to get started through to investing and beyond."

According to Ramzi, Bitcoin is one of the best investment options of the last decade. Many investors who originally purchased Bitcoin for fun, and subsequently minded them, now find themselves to become millionaires after its value increased over one hundred times. This makes Bitcoin the only currency to experience such tremendous growth.

The logo for Bitcoin Simplified, featuring the word "BITCOIN" in orange block letters with a Bitcoin symbol icon, and the word "Simplified" in a black script font below it.
