

# California US Navy Veterans Mesothelioma Advocate Urges the Family of a Navy Veteran Officer with Mesothelioma in California to Call Attorney Erik Karst of Karst von Oiste to Discuss Compensation-It Might Be Millions

SAN DIEGO, CALIFORNIA, USA, March 18, 2021 /EINPresswire.com/ -- The California US Navy Veterans Mesothelioma Advocate is urging the family of a retired navy officer or noncommissioned officer who has recently been diagnosed with mesothelioma anywhere in California to please call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 to discuss financial compensation that might be in the millions of dollars. Mesothelioma compensation depends on how, where, and to what extent a person with this rare cancer was exposed to asbestos. A retired navy officer or noncommissioned officer may have had extreme exposure to asbestos during their service. Frequently Navy Veterans like this were required to oversee everything a ship or submarine crew was doing when it came to repairs.

[www.karstvoniste.com/](http://www.karstvoniste.com/)

The Advocate says, "We have been honored to assist retired navy officers or noncommissioned officers with mesothelioma for nearly two decades and our top priority for people like this is that

they receive the best possible compensation results. Aside from being exposed to asbestos on a ship or submarine there is a very good chance they were required to stay on their ship-boat during shipyard repairs or retrofits. Some of these shipyard stays might have lasted months. If the person we have described sounds like your husband or dad---and he has mesothelioma-please call attorney Erik Karst at the law firm of Karst von Oiste anytime at 800-714-0303. Erik Karst is one of the nation's leading attorneys for Navy Veterans with mesothelioma and he and his team produce remarkable client results."
