About Abby the Pup:

Abby the Pup was created in 2020 during the Covid-19 pandemic. Many young children could not go to school or were required to learn remotely from home. It was a stressful time for children, parents, and teachers. Out of this crisis came the inspiration. Why must educational materials be so difficult to access, costly and commercialized? It should be easy to use and freely available in the public domain to help teachers and parents educate their young children. This is the mission of Abby the Pup.
