“I’ve always had a wild imagination and fascination with other worldly things and beings,” said Brown. “I was a very intuitive child and my parents viewed it as my gift. I started writing at a very young age as an outlet, envisioning a fantasy world full of mythical creatures.

to believe in themselves and the world around them. The first book in the series “Driving Out The Darkness” is to be shortly followed by the sequel, “The Beginning of the End.”

ABOUT Z. BROWN

Z. Brown is a Los Angeles based author, voice actress, and creative. She grew up a noticeably quiet and timid child. Losing her sister when she was seven really shaped her life to come. Growing up with an innate intuitiveness, Brown always felt different and isolated from other kids. That isolation combined with the grief of losing her sister pushed her into a shell,

suppressing her gift. Writing became her outlet, beginning with poetry at the age of eight. Brown began writing "Samantha Maree" in 2015, combining her life's experience with that of being a mother, and her interest in fantasy; it truly is her labor of love.
