The three-month program is designed to accelerate the growth of the selected Canadian telehealth companies by providing mentorship in the navigation of several complex themes. ShareSmart will have an opportunity to elevate its marketing reach and forge new partnerships to further scale in the Southern California healthcare market.

ShareSmart is confident that the implementation of its health communication platform will ensure Southern California hospitals and clinics will experience an increase in efficiency and satisfaction within their practices, much like it's existing clients around the world. The ShareSmart platform utilizes encrypted virtual (video) consultation technology; secure, real-time messaging; and auditable patient information transfer to support healthcare providers, and patients through a productive virtual care journey.

To be recognized as a premiere made-in-Canada health communication solution and to be able to work with the Consulate General of Canada in Los Angeles will be an exciting experience. The company is eager to make meaningful contributions to the world's collective efforts in defining

the new normal for healthcare operations. ShareSmart welcomes all organizations and individuals with an interest in providing impact [to contact the company](#).
