M12 Set to Sponsor the Ai4 2021 Cybersecurity Summit Startup Stage

Microsoft's Venture fund to sponsor the fully-digital summit's Startup Stage. Summit boasts speakers from USPS, Dept of Homeland Security, US Air Force & more.

BROOKLYN, NEW YORK, USA, January 29, 2021 /EINPresswire.com/ -- The Ai4 2021 Cybersecurity Summit, taking place fully-digitally on February 3-4, gathers business leaders and data practitioners to facilitate the adoption of artificial intelligence and machine learning technology.

At this year's summit, M12, Microsoft's Venture Fund, is set to sponsor the Startup Stage: a track where promising startups take the stage to share their products. The event is free to attend for those who qualify and attendees will be sent video recordings of all talks following the conclusion of the conference.

Across the two summit days, attendees can expect 30+ speakers across 4 tracks: detection & response, data privacy & security, technical, and the startup stage. With the top companies in attendance, attendees will gain key insights into how artificial intelligence is being implemented at the world's most successful organizations.

The summit agenda is now available on the website and see below for a list of conference speakers:

Januarius Asongu, VP Supplier Assurance Services, JP Morgan Chase
Dr. Raul V. Rodriguez, Dean, School of Business, Woxsen University
