# EDRM Announces Reveal as Newest Partner

MINNEAPOLIS, MINNESOTA, UNITED STATES, February 1, 2021 /EINPresswire.com/ -- Setting the global standards for e-discovery, the Electronic Discovery Reference Model (EDRM) is pleased to announce Reveal, a global provider of the leading AI-powered eDiscovery platform, as its newest partner.

Reveal now has access to EDRM's breadth of opportunities and resources, which includes the ability to connect and network via events, share their service and product offerings, and enhance brand awareness to a global community comprised of the industry's most knowledgeable, multidisciplinary professionals. This global network continues to enhance e-discovery,

"By adding George, NexLP and Brainspace, the Reveal team is on a rocket ship with afterburners," said Mary Mack, CEO and chief legal technologist for EDRM. "EDRM is very grateful for the support of Reveal and the contributions of George Socha."

This partnership welcomes Reveal as part of the EDRM community, which is comprised of 33% corporations, 30% law firms and 23% software and service providers in 113

countries spanning six continents.

"The eDiscovery market is undergoing rapid change, and our recent merger with Brainspace has set into motion the next phase of AI innovation," said Alex Becker, chief revenue officer at Reveal. "We are excited to have EDRM as trusted partners as we propel the industry into the next evolution of legal technology."

About Reveal
Reveal is the industry's only eDiscovery platform powered by artificial intelligence. As a cloud-based software provider, Reveal offers the full range of processing, early case assessment, review, infrastructure and artificial intelligence capabilities. Reveal's clients include law firms, Fortune 500 corporations, legal service providers, government agencies and financial institutions in more than 40 countries across five continents. Featuring deployment options in the cloud or on-premise, an intuitive user design, multilingual user interfaces and the automatic detection of more than 160 languages, Reveal accelerates legal review, saving users time and money.
