The Sweetness of Venus is an exciting romp through the cultural history of the most taboo part of women's bodies: the clitoris.”

Ashley Holstrom, Foreword Reviews (March / April 2021)

The book is the product of years of research by first-time author Chadwick who interviewed, and was reviewed by, some of the leading authorities in the field of human sexuality. The author takes readers on a romp through history, spotlighting misconceptions, fabrications, and discoveries about the clitoris. Relying on sound science,
