

# New Mexico US Navy Veterans Lung Cancer Advocate Has Endorsed Attorney Erik Karst of Karst von Oiste To Make Certain a Navy Veteran with Lung Cancer Gets Compensated if They Had Navy Asbestos Exposure

SANTA FE, NEW MEXICO, USA, April 1, 2021 /EINPresswire.com/ -- The New Mexico US Navy Veterans Lung Cancer Advocate has endorsed, and they recommend attorney Erik Karst of the law firm of Karst von Oiste for a Navy Veteran or person with recently diagnosed lung cancer anywhere in New Mexico if prior to 1982 they had significant exposure to asbestos in the navy or at work. A financial compensation settlement for a person like this might exceed one hundred thousand dollars. The typical person the Advocate is trying to get identified is over 60 years old and it does not matter if they smoked cigarettes. For more information-please call attorney Erik Karst of the law firm of Karst von Oiste anytime at 800-714-0303.

The Advocate says, "Most people who had heavy to extreme exposure to asbestos in the navy or at work decades ago and then develop lung cancer do not realize the \$30 billion dollar-asbestos trust funds were set up for them too. If the person we have

described sounds like your husband or dad- please call attorney Erik Karst of the law firm of Karst von Oiste anytime at 800-714-0303 to discuss what might be substantial compensation. Erik Karst is one of the nation's leading asbestos exposure lawyers and he will know how to help a person like this-if possible. The initial call to Erik is no obligation." [www.karstvoniste.com/](http://www.karstvoniste.com/)

The New Mexico US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Albuquerque, Las Cruces, Rio Rancho, Enchanted Hills, Santa Fe, Roswell, Clovis or anywhere in New Mexico. <https://NewMexico.USNavyLungCancer.Com>

High-risk work groups for exposure to asbestos in New Mexico include US Navy Veterans, civilian workers at one of New Mexico's air force bases, workers at one of New Mexico's dozen plus power plants, oil refinery workers, civilian employees of the Defense Department, manufacturing, or industrial workers, public utility workers, plumbers, electricians, auto mechanics, machinists, miners, or construction workers. Typically, the exposure to asbestos occurred in the 1960's, 1970's, or 1980's. [www.karstvoniste.com/](http://www.karstvoniste.com/)

“

"Most people who had heavy exposure to asbestos in the navy or at work decades ago and then develop lung cancer do not realize the \$30 billion dollar-asbestos trust funds were set up for them too."

*New Mexico US Navy Veterans Lung Cancer Advocate*

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind

of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact." <https://USNavyLungCancer.Com>

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers. <https://www.cdc.gov/cancer/lung/statistics/index.htm>.

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware.

However, asbestos exposure lung cancer can happen in any state including California, New York, Texas, Florida, Massachusetts, Connecticut, Pennsylvania, New Jersey, Illinois, Wisconsin, Minnesota, Nebraska, New Mexico, North Dakota, Wyoming, Utah, Montana, Idaho, Arizona, Washington, Oregon or Alaska.
