

America's Oldest Holistic Health Expo Has Just Gone Virtual

USA, February 5, 2021

[/EINPresswire.com/](https://www.einpresswire.com/) -- NEWLIFE Expo and Magazine was created by visionary entrepreneur Mark Becker, nicknamed Yogiman by Robin Williams, who had the foresight to open the first Yoga center and herb shop in NYC in 1975.

Not only did Serenity, his center, have 400 herbs in bulk, it was the first place where New Yorkers could buy herbs in capsules or tinctures. When Mark first wrote about people doing yoga, taking herbs, drinking wheatgrass juice, having air and water purifiers, taking

vitamins, drinking bottled water or using crystals and magnets they thought he was crazy. Maybe he was but he wasn't stupid. Mark always said that "we can't rely on the government to make us well; we must rely on ourselves to keep us well."

Others have tried to copy NEWLIFE EXPO but none have ever succeeded since Mark is always on top of what the future can bring us.

Newlife has been a staple in NYC and Florida as not only a conference but a community where thousands of like-minded people looking for a better life can meet each other but also for Lecturers and authors from around the world to share their knowledge about cutting edge information for conscious living. Everyone from Deepak Chopra to Dr. Oz and James van Praagh have shared Newlife's stage. It has quickly grown to become Largest Health Fair.

Newlife's Exhibitors from around the globe create a venue for New Yorkers and Floridians to try and experience the most cutting-edge products and services to create a more healthy, fulfilled life with.

NEWLIFE Expo is the largest and longest-running mind, body, and spirit expo in NYC for the last 31 years and we could never have done it without your support. The thousands of people who

come every expo help to inspire me to make each expo more exciting, more informative and more fun.

I truly believe that this expo has the most awesome group of healers ever assembled in any event to help you to reach your maximum potential and to open up your mind to all possibilities.

Our Holistic doctors are an anomaly to the medical profession. Their expertise in holistic medicine is unparalleled. When you listen to Brian Clement, Dr. Joel Wallach, Dr. Joel Fuhrman, Dr. Luke Cua, Dr. Paul Ling Tai, Dr. Eric Kaplan and Dr. Jane Goldberg, you will never go to an allopathic physician again.

On a metaphysical level our extraordinary luminary speakers include James Van Praagh, Astrologer Susan Miller, Thomas John, Gail Thackray, Antoine Chevalier, Tracey Ash and Anna Raimondi and special guest Karen Berg, the founder of the Kaballah Center worldwide.

I know you will enjoy our exhibit hall with exhibitors from around the world who bring to you this year's cutting edge products for healing.

This year's panels include The Strange Universe Panel, and The Nutrition Panel. the UFO panel and the infamous Strange Universe Panel. All the panels are free with a gold pass or a three-day pass. This year many of our workshops are free as well.
