*Action Adventure Novel by David Sherer
MD Features a Good Doctor Gone Bad*

BOULDER, CO, UNITED STATES, February 6, 2021 /EINPresswire.com/ -- [INTO THE ETHER](#), the debut novel of popular blogger Dr. David Sherer, has been released by Thousand Acres, the fiction imprint of [Armin Lear Press](#). It features a crooked anesthesiologist at the center of a financial thriller full of action and adventure.

Adrian Wren MD is a man on the cusp of middle age, burnt out on medical practice, bitter about his alimony payments and resentful of his pig of a boss. A chance doctor/patient encounter with a powerful government official enables him to glean valuable, privileged information, which he uses to turn his leveraged savings into a fortune. In the process, he falls for his financial advisor, settles an old score with an attorney nemesis, and skips the country under a new identity. Once on his new dream yacht, with the help of two Irish sailors, he sails to the Mediterranean where he enjoys life as a newly rich man-until he is betrayed, hunted down, and returned to the United States. To his surprise, he is offered an alternative to prosecution, a deal involving the President of the United States and connected to a crime committed decades before in the slums of Boston.
