always been to ensure a support system that keeps our franchisees successful and our customers happy. The word is out that we have a system that operates seamlessly and making this list on Franchise Gator is a testament to our hard work.”

The ranking system and the highly coveted Franchise Gator titles were created as a resource to help future franchise owners identify franchises on the rise. "Strong growth is one of many areas a prospective franchisee should look at

when evaluating a franchise brand," said Eric Bell, General Manager at Franchise Gator. "There are 2 sides to the growth coin — selling new units and not losing those that are up and running.

Growth in franchise units is a figure prospective franchisees should be looking at during the exploration process.”

Mosquito Mary's is ranked as the number 14 franchise on the Fastest Growing Franchises list.

“Congratulations to Mosquito Mary's for making the Fastest Growing Franchises list,” says Bell. “More units equals more royalty dollars which is the cornerstone to a successful system. One that future franchisees are going to be lucky to join.”
