

# CloudOpty announces CloudScore™

---

*Cloud Optimization made easy for Everyone with CloudScore™ from CloudOpty*

SAN FRANCISCO, CALIFORNIA, US, February 10, 2021 /EINPresswire.com/ -- [CloudOpty](#) announces their newest version with advanced features like CloudScore™, Cost Saver, Performance Booster, Security and Compliance Centers.

“With this latest version, we created a CloudScore™ to help you assess your cloud landscape. It's like a Credit Score, giving you a way of comparing your implementation to industry peers. The cloud computing landscape is maturing, and as enterprises continue to have multi-cloud adoption, there is a need to standardize and simplify cloud management.” – Raju Shreewastava, CEO, CloudOpty

Cloud landscapes with multiple implementations are costly, complicated, and challenging to maintain, leaving them vulnerable to a multitude of security and compliance issues. CloudOpty provides visibility, step-by-step guidance, and one-click actions to make improvements to your landscape.

Our goal is to make cloud management accessible to everyone. In addition to CloudScore™, we provide insightful dashboards and reports to help you achieve operational excellence.

CloudOpty gives you end-to-end cloud optimization insights using:

- Cost Optimizer
- Performance Booster
- Security center
- Compliance center

Check out this short 1.5 minutes [video](#) to experience the CloudOpty advantage.

## About CloudOpty

CloudOpty, a Silicon Valley-based company, has its roots in the data and analytics space. The organization is headquartered in the US and has an R&D Center in India.

CloudOpty is a SaaS solution that enables public cloud users to get a CloudScore™ and perform end-to-end cloud optimization to save cost, boost performance, and have a secure and compliant cloud.
