

DigiAssist from Spectar Group Now Available on SAP® Store

MELBOURNE, VICTORIA, AUSTRALIA, February 13, 2021 /EINPresswire.com/ -- By integrating with SAP Intelligent Robotic Process Automation, leveraging SAP Extension Suite and SAP Integration Suite, the [DigiAssist](#) solution from Spectar Group delivers improved efficiency and governance to customers

Spectar Group Pty Ltd. today announced that its DigiAssist solution is now available on [SAP® Store](#), which recently merged with SAP App Center as the single digital marketplace for SAP and partner offerings. DigiAssist integrates with SAP Intelligent Robotic Process Automation (SAP Intelligent RPA), using SAP Extension Suite and SAP Integration Suite, and can deliver ROI in months to customers.

Digital workers (DigiAssist) are software robots that can perform tasks like an employee. Spectar's pre-built digital worker for creating sales orders has AI skills and performs several end-to-end processes including reading incoming email, extracting email attachments with order details, extracting data from an attachment (using OCR), supplementing data based on business rules, logging into SAP technologies, and creating orders. The solution provides ROI in months whilst improving efficiency and governance.

The DigiAssist solution helps businesses:

- Improve productivity
- Reduce cost and improve ROI
- Improve quality and reduce errors

Utilize a reliable pre-built integration with SAP Intelligent RPA
Enhance business controls and compliance

SAP recently brought together SAP Store and SAP App Center into one single marketplace at store.sap.com. It delivers a simplified and connected digital customer experience for finding, trying, buying, and renewing more than 1,900 solutions from SAP and its partners. There, customers can find the SAP solutions and SAP-validated partner apps they need to grow their business. And for each purchase made via SAP Store, SAP will plant a tree.

Spectar Group is a partner in the SAP PartnerEdge® program. As such, it has access to tools, training, resources and benefits that partners need to deliver the solutions and services customers demand. The SAP PartnerEdge program supports partners to facilitate building high-quality, disruptive applications focused on specific business needs – quickly and cost-effectively. The program provides access to all relevant SAP technologies in one simple framework under a single, global contract.

About company

Spectar Group is a Melbourne-based Robotic Process Automation and Artificial Intelligence advisory firm. Led by a pool of talented techno-functional experts in SAP, RPA, BPR and Automation, Spectar Group helps turn business strategy into commercial success. As a technology enabler, we strive to partner with organizations envisioning performance improvement by leveraging RPA and AI-based solutions. Gartner has recognized Spectar Group in its “Competitive Landscape: Hyperautomation Service Providers” published on 11th Dec 2020. Spectar Group’s pre-built Digital Worker (DigiAssist), is assisting Australian businesses in their journey to becoming an Intelligent Enterprise.
