About

[Tony T is as honest as they come and as real as they get.](#) Having gone through the rigors of a tough life, Tony T unabashedly admits that he hasn't come from much, but he is working hard to make sure he gains success through his music, so his family and children have all the simple pleasures of life he did not get to enjoy. His history is one of the many things that inform his

music, but Tony T keeps his eyes, ears, and heart open to the universal experiences of the people he encounters, and stays focused on getting where he wants to next. Because he has seen life up, close, and personal, Tony T always tries to create from a place of relatability. "I try to make music that is relatable to everyone's everyday life," he says.

Always aiming to be better, Tony recognizes that he possesses a talent that he can share with the world. To do this he has embraced his musical skills fully and works to get better and better with each day. He is disciplined in his approach to his work, and clear-eyed about his goals. He hopes that he can continue creating the way he is without getting too swept away by what he calls, "the BS of the game."

His main focus in life are his kids, whom he feels he owes the great debt of being the best possible version of himself.
