

Expert Speaker Line-up Announced for SMi Group's Inaugural Military Robotics and Autonomous Systems USA Conference

SMi Group reports: The agenda has been released for the virtual Military Robotics and Autonomous Systems USA conference this June.

LONDON, UNITED KINGDOM, February 17, 2021 /EINPresswire.com/ -- Building on the success of the annual Military Robotics and Autonomous Systems (RAS) conference in the UK, SMi Group are delighted to announce the newest addition to their sell-out Unmanned Systems events portfolio: [Military Robotics and Autonomous Systems USA](#) taking place virtually on June 21st and 22nd 2021.

With critical host nation support and an unrivalled speaker line-up, SMi Group have created an agenda that will provide delegates key updates on the enormous investment in land robotics from the US DoD and international militaries, with the aim to increase Warfighter lethality and remove soldiers from dangerous situations.

Attendance is free for US DoD, \$499 for international military and government attendees, and only \$999 for commercial companies. Register at <http://www.roboticsautonomous-usa.com/pr1>

The confirmed speakers for the [two-day event](#) include:
