

Georgia US Navy Veterans Lung Cancer Advocate Has Endorsed Attorney Erik Karst of Karst von Oiste to Ensure a Navy Veteran with Lung Cancer in Georgia Gets Significant Compensation-If they Had Navy Asbestos Exposure

ATLANTA, GEORGIA, USA, April 16, 2021

[/EINPresswire.com/](https://EINPresswire.com/) -- According to the Georgia US Navy Veterans Lung Cancer Advocate, "We want a Navy Veteran who now has recently diagnosed lung cancer anywhere in Georgia to get compensated if they had significant exposure to asbestos in the navy. A financial compensation settlement package for a person like this might exceed one hundred thousand dollars and it does not matter if the smoked cigarettes. The typical person we are trying to identify is over 60 years old and they served in the navy prior to 1982. To get the compensation job done for a person like this we have endorsed attorney Erik Karst of the law firm of Karst von Oiste. For direct access to attorney Erik Karst of Karst von Oiste-please call 800-714-0303 anytime.

"Most Navy Veterans or people who had heavy exposure to asbestos in the navy or at work in the 1950s, 1960s or 1970s and who have recently been diagnosed with lung cancer never get compensated-even though the \$30 billion dollar-asbestos trust funds were set up for them too. If your husband or dad is a Navy Veteran or person with recently diagnosed lung cancer in Georgia and he had heavy to extreme exposure to asbestos prior to 1982 in the Navy or at work-please call attorney Erik Karst of Karst von Oiste anytime at 800-714-0303 about possible

substantial compensation. We think you will be glad you did."

High-risk work groups for exposure to asbestos in Georgia include US Navy Veterans, workers at Maxwell Air Force Base or Fort Rucker, workers at one of Georgia's 8 power plants, shipyard workers, oil refinery workers, steel mill workers, pulp and paper mill workers, manufacturing workers, industrial workers, public utility workers,

plumbers, electricians, auto mechanics, machinists, or miners. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.

“

"If your husband or dad is a Navy Veteran or person with lung cancer in Georgia and he had exposure to asbestos prior to 1982 in the navy or at work-please call attorney Erik Karst of Karst von Oiste."

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers. <https://www.cdc.gov/cancer/lung/statistics/index.htm>.

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had

significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact." <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. www.karstvonoste.com/
