

Integra Medical Center Celebrates its 30th Anniversary

Since 1991, Integra Medical Center has been a leading Regenerative Medicine Clinic in the Nuevo Progreso Area. For the world.

NUEVO PROGRESO, TAMAULIPAS ,
MEXICO, February 25, 2021

/EINPresswire.com/ -- Since its founding in 1991, Integra Medical Center has been a pioneer clinic in Regenerative Medicine procedures based on Stem Cells in Nuevo Progreso, Mexico, for the world. Its staff is proud of practicing multiple modalities of therapy, that Dr. Omar Gonzalez incorporated into his practice after extensive reviewing, and always matching his principles and values like minimal side effects, best effectiveness, and affordability.

Dr. Gonzalez and his team are always in constant and continuous education. He's been in multiple countries in Europe, Asia, and the United States, validating and reinforcing his protocols and techniques. All in an effort to offer the best care for multiple diagnoses and conditions.

For 30 years Acupuncture and Stem Cell therapy have been the staple procedures offered; cosmetic surgeries, Laser therapy, Transcranial Magnetic Stimulation, are some of the newest treatments being currently offered.
