

eCollections Debt Management Platform Announces New Business Import Tool

elImport™ Makes Managing Information Easy, Accessible and Fast

DALLAS, TEXAS, UNITED STATES, February 22, 2021 /EINPresswire.com/ -- Sentinel Development Solutions is pleased to announce the release of elImport™, our new import tool that provides eCollections™ customers with a powerful new way to accept and prepare new business for collection/recovery activity. With an advanced, intuitive interface, elImport™ gives operations the ability to easily and quickly add new business and performs advanced functions like duplicate checking/matching and validation as well as advanced automation. "Powerful control over data is a key component for modern [collections](#) operations", says Tim Cain, CEO of Sentinel. "Our customers are reporting fantastic results with elImport™. They love it and that's why we're in business – to provide technology that brings real and immediate value and that keeps our customers on the leading edge of technology."

eCollections™ is a powerful debt management platform designed for the debt collection and recovery industry. Sentinel's cloud-based software completely integrates and automates the debt collection process for agencies, lenders, debt buyers, law firms, and healthcare providers. eCollections™ has received acclaim for ease-of-use, power, and flexibility.
