

Just Two Weeks To Go Until Future Soldier Technology 2021

Future Soldier Technology 2021, sponsored by Glenair and other industry leaders, will take place in just two weeks' time, on 9th - 10th March.

LONDON, UNITED KINGDOM, February 23, 2021 /EINPresswire.com/ -- SMI Group are delighted to announce that the [7th Annual Future Soldier Technology conference](#) will take place in just two weeks' time on their Virtual Conference Platform. Sponsored by industry leaders Glenair, blackned GmbH, Bren-Tronics, DTC, HIPPO Multipower, Thales and TrellisWare, the event will provide an in-depth look into soldier modernisation programmes.

With just two weeks to go until the event, interested parties are urged to book now to avoid disappointment.

The rate for military and government personnel is just £299, and for commercial organisations it's £999. Bookings can be made online at <http://www.futuresoldiertechology.com/EINpr6>.

Future Soldier Technology 2021 will host a number of invaluable keynote briefings delivered by senior military officers and capability directors, as well as briefings from Glenair, blackned, DTC, HIPPO Multipower and Thales, who will provide crucial industry perspectives on soldier modernisation programmes.

Some key presentations to watch include:

1) Acquiring Dismounted Infantry Technology in Support of Dismounted Soldier Operations
Mr Nick Taylor CEng FIMechE MAPM RPP, Head of Soldier, Training and Special Projects, DE&S, UK Ministry of Defence

The banner features the SMI logo in the top right corner. The main text reads "FUTURE SOLDIER TECHNOLOGY" in large, bold, white letters with a black outline, set against a dark grey background. Below this, it says "9 - 10 March 2021 | Virtual Conference" in a smaller white font. The central image shows a soldier in full combat gear, including a helmet with various attachments, holding a modern assault rifle. The background of the image is a blurred outdoor setting with yellow and green foliage. At the bottom of the banner, the website "www.futuresoldiertechology.com" is displayed in white text on a dark grey background.

Future Soldier Technology 2021 - Virtual Conference

2) Optimising Soldier Modernisation Through the Work of the Infantry Trials and Development Unit and TommyWorks

Lieutenant Colonel Andy Locke, Commanding Officer, Infantry Trials and Development Unit, British Army and Lieutenant Colonel Gareth Davies, SO1 Soldier Systems, British Army HQ

3) Maximising Lethality and Dismounted Soldier Situational Awareness Through Enhanced Weapon Optics

Colonel Frédéric Edel, Director, Infantry Development Directorate, French Armed Forces

4) Developing and Supplying Effective Equipment and Materiel to Meet the Needs of the Modern Norwegian Dismounted Soldier

Lieutenant Colonel Torstein Espolin Johnson, Soldier System Coordinator, Norwegian Defence Material Agency

5) LCG DSS Future View of NATO Soldier System Development

Major Magnus Hallberg, LCG DSS Chairman, NATO / Swedish Armed Forces

As the only conference exclusively focused on dismounted soldier technology, Future Soldier Technology 2021 will be an essential event for all those in the field, gathering operational users, capability development directors and industry professionals from across the globe to network and discuss soldier modernisation programmes, current requirements, new technologies and more.

The full agenda, speaker line-up and brochure are available to view online at:
