

# C2 PHARMA Completes Regulatory Filings, Expands Portfolio to Solidify Position as a Leading Ophthalmic API Supplier

---

GRAND DUCHY OF LUXEMBOURG, LUXEMBOURG, February 23, 2021 /EINPresswire.com/ -- C2 PHARMA, a pharmaceutical group established in 2014 focused on niche active pharmaceutical ingredient (APIs), has expanded its portfolio of APIs and botanical extracts throughout 2020 and will continue pursuing the expansion into 2021. Multiple regulatory filings have been submitted to expand distribution channels globally across China, Taiwan, South Korea, Brazil, and Mexico.

“Since announcing our intentions to go through a growth spurt at [CPhI Worldwide in 2019](#) we have been actively working to deliver on these promises with a range of regulatory filings. Our goal is to be a reliable, quality focused partner for ophthalmic pharmaceutical companies”, said Andrew Badrot, CEO of C2 PHARMA (C2P). “I am proud of our team and what we are accomplishing for our customers. In less than seven years from being founded, C2P has established an API portfolio with over ten US-DMF and CEP filed in addition to all the local filings we are announcing today, and we have been able to maintain operational excellence and expand our portfolio amid the COVID-19 pandemic”.

Recent filings include:

Atropine Sulfate:

China C-DMF published December 2020

Taiwan T-DMF granted in December 2020

Atropine (Base):

US DMF to be filed by March 2021

CEP filed in December 2020

Homatropine Hydrobromide API:

US DMF filed in April 2020

CEP filed in April 2020

Homatropine Methylbromide:

Taiwan T-DMF granted in December 2020

Digoxin (Micron), manufacturing site Laurus Labs Limited:

US DMF available for reference as of April 2020  
CEP filed in November 2019

Digoxin, manufacturing site Nobilus Ent:  
China C-DMF published in January 2021  
Korea K-DMF filed in October 2020

Digoxin (Micron 10), manufacturing site Nobilus Ent:  
US DMF Amended to include Micron 10 grade filed in October 2020  
CEP to be filed in March 2021
