

# New Portable Cellular Voice Dialer From USP

*Notification For Any Application!*

SAN DIEGO, CA, USA, February 24, 2021 /EINPresswire.com/ -- The New MINI-CVD is a completely self-contained, 4-channel monitoring system and cellular automatic voice dialer providing 4 separate messages. Trigger events are announced via recorded voice messages delivered by the cell phone when the call is answered. Sends messages in any language. Representing a new level of mobile security, the MINI-CVD combines technologically advanced features, ease of programming and reliable operation in a compact dialer for stand alone notifications or compatible with any security alarm system. The MINI-CVD works with any NO/NC or voltage trip sensor. Completely portable can be easily moved from site to site.

- \* No Monthly Monitoring Fees
- \* 4 separate messages
- \* Automatically Calls Up to 8 telephones,
- \* EEPROM Memory retains programming if power is lost
