--

Hello my name is Brandon and I am the founder and creator of the Social Media site "YoReSpot"

What is YoReSpot?

YoReSpot is freedom! It is an option to social media that allows all people to co-exist. We want to see the days where everyone regardless of our personal views found a way to be friends, to share the best parts of life.

What social media was supposed to be!

YoReSpot

So I challenge you to take that step with me and help to bring this amazing country back together again!

Don't you miss the days when we shared where we went over the weekend? What we did? Pictures of our family and friends? I know I do and so do thousands of others who have already decided to make YoReSpot their new home for social media.

I'm not asking you to give up Facebook or any other site you enjoy, I'm just asking you to come check us out and know you have options.

There will always be someone who's only objective is to offend others or cause tension but we are working hard to get past these trying times with friendship, love and unity!

In today's day and age you have many choices and I am simply offering you another. I look forward to all of you that want to take this journey with me.

We can do better as a people, as a country and as a Social Media Platform...

Join us today!
