

New Keyless Latching HUB for 2021

*New Keyless Latching HUB for 2021
HUB 2SDB-L*

SAN DIEGO, CA, USA, February 25, 2021
/EINPresswire.com/ -- USP has always set the standard for HUB quality throughout the industry. The full HUB line is manufactured with gold, silver and copper for maximum conductivity and corrosion resistance, with a current rating of 10 Amps, and a voltage rating of 125/250 volts. Button Locating Ridges are a HUB™ exclusive. U.S. and World patents pending.

Keyless Latching HUB 2SDB-L

HUB-2SDB Hold-Up Buttons are a revolutionary product from the leader in the Emergency Hold-Up Buttons. With its compact size, sturdy construction, and solid electronics, HUB2SDB applications span everything from life-threatening notification to equipment emergency stop. They provide all of the added security of a latching switch with none of the hassle of reset tools and keys.
