People with debilitating illnesses and injuries such as stroke, brain injury, and other complex neurological and orthopedic diseases and injuries will be cared for under the management of

Nobis Rehabilitation Partners. A medical rehab team of physicians, therapists, and rehab-trained nurses will customize each patient's intensive rehab program during their inpatient stay.

“

This new hospital will bring approximately 120 career opportunities to the Tulsa area to provide care for patients in our newly designed modern hospital and is projected to open mid-2022.”
