

GoMobile Tires Boost Mobile Service Globally

-GoMobile Tires, the fastest-growing mobile tire service in the US, accelerates the brand's strategy with an expansion into the United Arab Emirates (UAE).

PORTLAND, OR, UNITED STATES OF AMERICA, March 4, 2021

/EINPresswire.com/ -- [GoMobile Tires](#), the fastest-growing full-service mobile tire service in the nation, accelerates the brand's strategy in 2021 with an expansion into the United Arab Emirates (UAE). GoMobile Tires has developed a world-class business model for mobile tire installation, naturally the efforts will include global franchises. The companies' CEO is looking at a supersonic ramp-up to implement a multi-channel market-driven strategy, and the UAE expansion is the first step in the plan.

GoMobile Tires - Mobile installation at home, office or on the go!

GoMobile Tires engaged in an equity partnership with Sobati Trading Company for GoMobile Tires expansion into the UAE. Dubai will be the first rollout in the UAE, with GoMobile installation vehicles hitting the road by the second quarter of 2021. Dubai has one of the most robust vehicle enthusiast cultures globally, and the UAE residents embrace the convenience of mobile services.

“

The mobile business has become part of the culture for many communities globally. GoMobile Tires offers a simple solution; installation at home or office! Tires buying reimaged by GoMobile Tires.”

Derek Naidoo, CEO, GoMobile Tires USA

“The mobile business has become part of the culture for many communities globally. The value proposition is high for customers, and the quality of GoMobile Tires service is stellar. The mobile tire business comes with challenges, which is why many brick-and-mortar tire companies are buying the GoMobile Tires franchises instead of just adding this service to their existing offering. GoMobile Tires’

business model is solid and quickly becomes profitable for franchisees. Our team is excited for the partnership with Sobati, and we look forward to opening up additional opportunities."

- Derek Naidoo, CEO, GoMobile Tires USA.

GoMobile Tires technicians are trained under an extensive program called GoMobile Training Plus, which ensures techs are experts in all vehicles, including luxury, lifted, electric, and tuner style vehicles. GoMobile's Gold Standard Program guarantees all franchisees are held to a rigid standard of appearance, conduct, and customer service. These are just some of the reasons why GoMobile Tires is the fastest growing mobile brand in the tire business.

GoMobile Tires can install at the office or on the go!
