Korea and Afghanistan

We are as donors pleased to support and agreed to provide as much support as possible for Korean PPE products on a humanitarian level, and that no value is received in connection with said donation”

*Dr. Moonho Kim, Chairman of the KMH Peace Foundation*

We are as donors pleased to support and agreed to provide as much support as possible for Korean PPE products on a humanitarian level, and that no value is

received in connection with said donation. This is very valuable to the continuing efforts that we are making to initiate a relationship between Islamic Republic of Afghanistan and Korea said Dr.

Moonho Kim, Chairman of the KMH Peace Foundation

Recently, we have actively participated in supporting various programs to create the necessary conditions for the world to overcome the Covid-19 pandemic situation and expanding profile on the world stage, often referred to as "Global Korea", moving from being an aid recipient to a donor nation in one generation. We will make its effort all the more salient and donate to the Massoud Foundation by the involvement of our financial resources, and in-kind contributions. It is clearly a priority for us, and our alliance will be well served.
