30 years, they have created Scripture Scenes, providing a way to share their talents while combining it with their faith.

“We have so many wonderful photos from around the globe and in the USA, we decided we wanted to share them while helping others to literally 'visualize God's Word' in a different way,” Patricia said.

Over the last few years, they have shared their art with friends and family. About a year ago Patricia launched Printing4.Church, which has now been combined under the banner of Scripture Scenes. This on-line business

provides churches the chance to order premium printed products for special events and holidays. Their basic products include brochures, postcards, bookmarks, doorhangers, flyers and a variety of products that churches use on a regular basis.

Banners has been the bulk of the business, but also printing packages for Christmas, Easter, Mother and Father's Day, Patriotic holidays and more. When a church purchases five sets of products (five orders), Scripture Scenes/Printing4.church will donate an exact set of printed

materials to another church or ministry of their choice. The idea is to give back to a church who may not be able to afford promotional materials. Their way of "paying it forward."

"Our banners have been enjoyed by many and so we decided to add other forms of media: Metal Prints, gallery wrapped canvas, sign materials and photo plaques in smaller size for tables or walls. Of course, all of our work is available in various sizes of high-quality canvas banners up to 6' x 20' and everything in between."

While banners are available in several sizes, not all photographs are adaptable to every size. Their web site details the sizes and types of media for each of their prints. Their idea to help all people be inspired by the beauty that God has created for everyone and draw them closer to Him.
