## HOW TO CUSTOMIZE PERFORMA SHAKER CUPS

Performa has you covered when it comes to great shaker cups with custom logos. On each of our shaker cups, we use EXTRALAST UV INK which makes sure that your logo doesn't wash off and long lasting.

The following is a step by step guide on how to create shaker cups with a custom logo on Performa:

Step 1 - Choose size and type of the shaker cup

Step 2 - Click on the "Get Started Now" blue button

Step 3 - Choose the color of your bottle

Step 4 - Add an image (You can choose one from your device or Instagram then choose to rotate or change the image size on shaker)

Step 5 - Add text (options include text size, text alignment, text color, font, line height, rotation). Additionally, you can make text square/rectangle or circular according to the design you have in mind.

Step 6 - Preview and approve the design

Step 7 - Finalize purchase (choose how many you want and add a payment method)

Pretty easy, right? We are sure you won't have any trouble getting what you want. Give it a try and you'll find this whole process to be extremely convenient.
