For more than 30 years, Julie Correll has been a proven legal and executive leader with a wide-range of experience providing counsel and support to corporate legal departments and management teams at large public companies and middle-market private employers.

Correll was Chief Compliance Officer and HIPAA Privacy Officer at LogistiCare Solutions, LLC (now ModivCare) the nation's largest manager of NEMT programs for state government agencies and managed care organizations. Prior to joining LogistiCare, Correll counseled startups and established middle-market and small

private companies, where she provided executives with a full scope of legal and business advice and expertise with a focus on ensuring compliance with safety, environmental, and employment laws and regulations.

She currently serves as Vice President, Chief Compliance Officer at Surescripts, LLC, a healthcare information network that provides and enables 20 billion electronic prescriptions and other healthcare transactions annually.
