

Plan Your Trip On "The Coca-Cola Trail"

MANSURA, LOUISIANA, UNITED STATES, March 9, 2021 /EINPresswire.com/ --

The "Coca-Cola Trail" provides new choices for adventure as Americans are planning to travel again.

Details of the "trail" are revealed in two recently published books, "[The Coca-Cola Trail](#)" and the sequel "Return to The Coca-Cola Trail".

Learn about the places and people in the history of Coca-Cola that helped create the world's best known product.

See the place where Coca-Cola was first bottled in 1894 and learn why it was not in Atlanta. Visit the Indiana town where the iconic Coca-Cola bottle was created. Enjoy former bottling plants now in a "new life" where you can shop, enjoy a meal, or be entertained.

The "trail" takes you across the country to museums, collector's displays, historic outdoor murals and fascinating stories. Each of "The Coca-Cola Trail" books contains over 200 pages of travel ideas accompanied by rare old photos and exclusive stories from families of pioneer bottlers.

"The Coca-Cola Trail" books were written and published by Larry Jorgensen, a former news reporter now specializing in writing about interesting pieces of American history. Learn more at the website:
