

# 50+ IIoT Experts to Gather Virtually for IIoT World's Manufacturing Day

*On March 18, 2021, subject matter experts share insights on digital transformation, focusing on trends, case studies and best practices for IIoT technologies*

CLEVELAND, OH, USA, March 10, 2021 /EINPresswire.com/ -- [IIoT World](#) announces details on its [Manufacturing Day](#) virtual conference on March 18, 2021. The event brings together leading subject matter experts to share insights on their digital transformation journeys, through panel discussions and audience Q&A sessions. In addition, the online forum creates new connections for those changemakers in Industrial IoT (IIoT) who participate. Over 5000 people from 117+ countries are expected to attend.

The event is focused on deploying IIoT and Artificial Intelligence (AI) technologies in smart manufacturing. The [agenda can be accessed here](#).

"At IIoT World's Manufacturing Day, leaders in Industrial IoT will share their insights, projects, and future plans, helping to empower attendees in delivering innovative, scalable, and best-in-class digital experiences," said Lucian Fogoros, Co-Founder, IIoT-World. "Our content is targeted to C-level executives and business line leaders, engineers, plant managers, IT/OT professionals, and others with an interest in manufacturing technologies."
