your body”, is the core principle of his practice as a motivational leader. Compiling Najjar’s 20-year research into what drives a person to cultivate negative habits and feel blocked from achieving their potential, ‘The YOU Beyond you: The Knowledge of the Willing’ creates the framework for attaining greatness through a deep understanding of the rules-of-engagement within our Universe.

By the end of this book, you’ll learn there’s a lot more to what makes you YOU than meets the eye, and it starts by seeing the world a new way—how the Universe works.

Ramzi Najjar is a multi-awarded author, entrepreneur and big thinker. Born in Lebanon and growing up amidst conflict and civil-political unrest, Najjar knows first-hand how hardship has the power to forge a person’s personality and how an understanding of the laws of the Universe (and not just blind optimism) in the face of adversity determines a person’s quality of life.

Graduating from the American University of Beirut with a degree in Public Administration and Political Science, Najjar launched multiple leading businesses in Kuwait and Lebanon. Today he is devoted in parallel to projects related to the environment and other humanitarian projects he prefers not to reveal at this stage.
