

# Who is OnTime Books And Why Have Do They Offer Their Authors

UK, March 12, 2021 /EINPresswire.com/  
-- OnTime Books is a successful publishing house that was founded Dimitris Christodoulou. Since being launched, the company has gone from strength to strength and has become one of the most recognized names with Greek and Cypriot authors.

The OnTime Books publishing house is the result of Founder & Operations Manger of OnTime Books, Dimitris Christodoulou's inexhaustible faith in showcasing and promoting primarily

Greek and Cypriot authors in the global literary and scientific realm of books by demonstrating their work in the English-language market.

The Compay harbours moral principles and mutual respect between its human resources and its writers-collaborators, and has a clear vision and disposes of an excellent scientific personnel and modern know-how in the fields of its activities.

Their concern is to preserve and evolve their existing collaborations and to create more beneficial multileveled international synergies, putting forth the projection, propagation, and promotion of Greek and Cyprian literary works globally in the English language.

OnTime Books is also looking for literary works that could be turned into scripts and transferred on big televisual platforms, such as Netflix and Amazon

"We have already translated and published 20 titles for which we are uniquely proud," explained a spokesman

"Some of them are "The chip of knowledge" by Vaggelis Kaliosis, "Hemiphos - Timber's Castle" by Stefani Iakovou, "Amy" by Marios Karakatsanis, "The Secret of Magic" by Natasa Louppou, "The Diary That Will Change Your Lives Forever" by Giorgos Zelelidis, "The Story Of A Father And Son"

by Giannis K. Lampakis and "One Moment, Just An Eternity" by Smaragdis Mitropoulos.

Other books include: Philosopher and author Paul Pissanos, who wrote, among others, the books "The Laws of the Universe: In Earthly and Heavenly Life!", nominated for the Nobel Prize in Literature in 2011 and "From Aristotle to Hawking," nominated for the Templeton Award 2007-2008 by 10 University Professors, honours us with a collaboration concerning the translation in the English language and promotion of his entire body of work.
