

IADA Verifies AirFleet Capital Inc. as Products and Services Member

CHANDLER, ARIZ., USA, March 15, 2021 /EINPresswire.com/ -- AirFleet Capital Inc., a company focused solely on aircraft financing, is the newest Verified Products and Services member of the International Aircraft Dealers Association (IADA).

A national leader in aircraft financing, AirFleet Capital becomes the 62nd aircraft transaction support company to be verified by IADA's rigorous acceptance process, ensuring adherence to strong ethical business practices. With in-house underwriting and closing teams, the aircraft finance brokerage company originated over 700 loans in 2020, working exclusively with several partner banks.

"AirFleet Capital will benefit from its association with IADA as we continue to evolve in support of our clients' growth," said AirFleet President Jim Blessing. "As our customers continue their upward movement in aircraft we will be able to consult and work with other IADA members to ensure we are helping them make the right decisions," he added.

AirFleet Capital President Jim Blessing

"AirFleet Capital, like all of our Verified Products and Services members, has been thoroughly vetted to assure adherence to the absolute highest ethical standards and experience," said IADA Executive Director Wayne Starling. "The IADA Board of Directors extends our welcome to AirFleet Capital as they join the organization."

The International Aircraft Dealers Association is the collective force influencing and shaping the aircraft transaction industry. With accredited dealers of all sizes, and dozens of verified Products and Services members skilled in aircraft transactions, IADA is the acknowledged leader in developing industry standards for efficient, effective and ethical business aircraft transactions.

Working for business aircraft owners globally, the International Aircraft Dealers Association provides a facility for professional standards, ethics and exchange of information among its members and to the public for the purpose of creating a more efficient market, facilitating transactions and providing transparency in transactions, thereby increasing business aircraft ownership and usage worldwide.
