The special light show is titled “ZITO [HELLAS](#)” and is being created by a local Greek-owned company ENKI Technologies based in Santa Monica CA. “As a Greek, it is an honor to create this special light show for the 200th anniversary of Greek Independence” says ENKI President Nektar Baziotis. “The specially created “ZITO HELLAS” light show will broadcast to the world the significance of the day”.

Soaring 130 feet above the Pacific Ocean, the Pacific Wheel at the Santa Monica Pier features more than 160,000 LED lights. “With the Pacific Wheel over the water, the ZITO HELLAS light show will be a thrilling and truly memorable experience,” says GHS Shelly Papadopoulos. “We are happy to partner with UHAS to make this special tribute to the Heroes of 1821 commemorating the 200th Anniversary of Greek Independence.”

The 8-minute long “ZITO HELLAS” light show will be visible for miles along the Southern California coastline and will be free for public viewing. “ZITO HELLAS” will be replayed continuously for the entire evening of March 25, 2021 and the light show will be made available for Greeks and Philhellenes around the world to enjoy the show via a live stream link.

"We are honored to work with the GHS on sponsoring this special ZITO HELLAS light show for the benefit and enjoyment of our Greek community" said UHAS president Taso Zografos. "This is another example of what can be achieved when Greek organizations work together in a positive and supportive manner for the benefit of all Greeks and Philhellenes locally and around the world."
