Read what people are saying about the Regional Supply Elevate EXPO:

“Having all of the vendors in the same room was not only convenient, it was a great way to think of questions on the fly and to learn about new products that we hadn't heard about.”

"I liked the knowledge of the vendors answering questions. I didn't have one question go unanswered."

"I enjoyed getting to meet the vendors at their respective businesses and ask them directly why their product is superior. Loved being able to use some of the products to "try before buying" and see new equipment at work."

"I thought it was great and I really appreciated all of the help from the vendors. I am hyped to start using the things I learned in my business. P.S. the food was great too. Thanks!"

Vehicle Wrap Class: March 25-26

Two day beginner/intermediate wrap class sponsored by Avery Dennison and taught by industry legend John Duever. Class goes from 8:30 am to 4:30 pm each day, and lunch is provided. There will be some classroom presentation, but most of the time will be spent hands-on wrapping vehicles. We will be using MPI 1105EZ vinyl with the DOL 1360

laminate as well as the SW900 supreme wrapping film. Tools and sample rolls provided for each participant.
