

# Reviva Labs introduces a tag team of moisture barrier restoration: Calming Renewal Serum & Calming Rejuvenation Crème

HADDONFIELD, NEW JERSEY, US, March 30, 2021 /EINPresswire.com/ -- [Reviva Labs](#) has released two new products within its Revitalizing skin care collection: a one-ounce [Calming Renewal Serum](#) (\$32) and two-ounce [Calming Rejuvenation Crème](#) (\$42). These products feature hemp oil, rose hip oil, and more as they target the skin's moisture barrier – to calm, nourish, and revitalize your complexion.

This potent duo was designed to mitigate the deleterious effects of stressed skin (environmental, mask related, etc.) or lingering issues from prior harsh treatments that resulted in a debilitated moisture barrier. Each incorporates a unique combination of natural oils and extracts that specifically target typical inflammation triggers to calm the skin while each also nourishes and “restores” the skin.

Calming Renewal Serum and Calming Rejuvenation Crème

Reviva's Calming Renewal Serum combines K-Beauty with Ayurvedic medicinal herbs and modern cosmeceutical ingredients to offer unrivaled skin calming results. It includes Argan, Rosehip, Jojoba, and Hemp Oils along with Ashwagandha, Shiitake, Chinaberry, Turmeric, and Red Seaweed to bathe your skin in nourishing EFAs and beneficial plant extracts. Experience a skin “renewal” where your complexion appears more radiant and youthful. “This anhydrous serum is not only rich in EFAs, it also features other ingredients that deliver antioxidants, inflammation-reducing, and moisturizing elements to your skin,” says Jeri Trachtman, Vice President of Sales.

Reviva's Calming Rejuvenation Crème is rich in nourishing essential fatty acids (EFAs), includes multiple omegas, and many additional skin-beneficial ingredients. Your skin will be drenched in antioxidants and inflammation-reducing compounds to calm and nourish your skin for a stunning, younger-looking complexion. "Rosehip Oil, Grapeseed Oil, Hemp Oil, Seabuckthorn, Manuka Honey, and Carrot Seed Oil – it's a veritable who's who of great skin care ingredients," says Jeri Trachtman.

"These items were created to offer nourishing, calming, and protective benefits to promote a healthier skin barrier," stated Bill Levins, President of Reviva Labs. "I'm confident that those struggling with damaged moisture barriers will find relief with these two new products." Reviva's Calming Renewal Serum and Calming Rejuvenation Crème can be used together for a powerful
