

TA Group Holdings Promotes Elizabeth Tuohy to CFO, NuWest Group

TAG Elevates Financial Mastermind of a Top 100 Fastest Growing Private Companies in WA

BELLEVUE, WA, USA, March 19, 2021 /EINPresswire.com/ -- TA Group Holdings announces with pleasure the promotion of Elizabeth Tuohy to CFO, NuWest Group Holdings.

Elizabeth started her career as an auditor at Arthur Andersen LLP in Seattle in 1991. After several years in the audit practice, Elizabeth took the Assistant Controller role for PhotoDisk, and then as Director of Financial Systems for Getty Images.

After her several-year stint to focus on momhood, a former Andersen colleague, Casey Stenzel, TA Group Holdings CFO, reached out to coax Elizabeth into joining TAG. In September 2013 she began "just to work 8 hours a week or so." That didn't last long, as by January 2014, Elizabeth became the controller of one of TAG's portfolio companies, CSG Services Corporation.

Later that year, another TAG company was in need of an experienced controller. Elizabeth agreed to take on NuWest Group Holdings, still on a part-time basis, for the next 3 years. When we sold our stake in CSG, Elizabeth became the full-time controller for NuWest, where she's been an invaluable asset for one of the fastest-growing companies in Washington.

Elizabeth has overseen an astounding 6X growth in revenue at NuWest, as the primary financial gatekeeper and protector. Steve Haywood, CEO of NuWest Group, acknowledged her role in the health of the company:

“Elizabeth has been an integral part of our success for the past eight years. Key to that success has been the financial discipline that we prioritize within the business, both internally and with our clients. Elizabeth has been a primary driver of that to the point that we would not be where we are today without her. Her partnership and leadership is invaluable to me and the rest of the executive team at NuWest Group.”

The past year NuWest saw exceptional growth from their Healthcare division, which played a pivotal role in staffing nurses around the country to combat Covid, while also supplying teams to

“Elizabeth’s guidance as a Controller has been key to our financial success and I’m excited to continue to lean on her guidance and partnership as a CFO as we continue to grow the business,” added Shawn Cahill, President of NuWest Tech. The Technology and Engineering division was able to quickly adapt to the new business environment in 2020, and help clients keep moving forward. They also got

Tuohy and her husband are the proud parents of two active kids. She enjoys trail running with friends and her dog Bo, skiing, boating and raising funds for Seattle Children's Hospital.
