NCPA*

“NCPA is excited to have Wahsega under contract and available to work with our membership to reduce their costs and improve their capability to provide a safe environment. Wahsega’s NCPA Master contract is competitively solicited lead agency modeled contract that allows any US tax-supported agency to use the contract and reduce their cost of acquisition.” - Mike Muscara, Director, Member and Vendor Support, NCPA

Wahsega’s advantage comes from their Carina platform, a simple and intuitive dashboard that manages all IP endpoints, and their wiring patent which reduces PoE cabling costs by up to 50%. The Carina platform from

Wahsega enables schools and public institutions in all 50 states to secure a new IP-based solution for less than the cost of an analog legacy system.

“Organizations now have the ability to use the NCPA contract to piggyback off of the state contract they use today. We are happy to partner with NCPA to provide safety IoT solutions to all public agencies. This relieves a burden for public schools and government organizations who don’t want to draft RFP’s and prefer to work directly with the vendor of their choosing at a discounted price.” – Joey Gullo, Vice President of Sales at Wahsega
