Inc. (ZE), the leading software development firm specializing in

enterprise data management, integration and analysis solutions for energy and commodities markets, today announced that it has been selected as the winner of the “Cloud Enterprise Data Warehouse (EDW) Solution of the Year” [award](#) in the 2021 Data Breakthrough Awards program

conducted by Data Breakthrough, an independent market intelligence organization that recognizes the top companies, technologies, and products in the global data technology market today.

“

ZE embodies the spirit of the Data Breakthrough Awards program, delivering a breakthrough platform data aggregation, integration and analytics”

*James Johnson, Managing Director, Data Breakthrough*

ZE’s [ZEMA](#)™ data integration, management, and analytics platform supports energy, agriculture, renewable energy, commodities, and other data-driven organizations. The company’s ZE Cloud provides a turn-key solution for data-driven customers, delivering the hardware and software licenses required to optimize, monitor, and update the

targeted architecture. The company’s robust end-to-end data collection, integration, and analysis solutions on the cloud help companies collect data from an array of business processes, integrating with downstream financial, business intelligence, modeling, risk, and trade systems.

“Using ZE Cloud and ZEMA, our clients around the world have saved 50% to 70% in operations costs, as they receive and respond to mission-critical information in seconds versus hours or days,” said Nader El-Ramly, Chief Product Officer, ZE PowerGroup. “We are honored to be selected by the Data Breakthrough Awards for the second year in a row and we look forward to continued success in delivering breakthrough enterprise data management solutions for

organizations around the globe.”

The Data Breakthrough Awards is the premier awards program founded to recognize the data technology innovators, leaders, and visionaries from around the world in a range of categories, including Data Analytics, Big Data, Business Intelligence, Data Storage, and many more. The second annual Data Breakthrough Award program attracted more than 1,450 nominations from across the globe this year.

“ZE embodies the spirit of the Data Breakthrough Awards program, delivering a breakthrough platform data aggregation, integration, and analytics platform that resolves complex data management and

business process automation challenges,” said James Johnson, Managing Director, Data Breakthrough. “We are proud to once again recognize ZE as they empower organizations to make timely, data-driven decisions with their centralized data platform.”

The ZE Cloud gives clients access to the ZEMA Data Ecosystem, with more than 10,000 data reports enabling the production of millions of market curves and analytics reports daily. The 1,300+ global data providers include Baltic Exchange, Vortexa, Kpler, Argus Media, EOXLive, ICAP, ICE, ICIS, OTC Global, S&P Global Platts, and AccuWeather.
