DALLAS, TEXAS, UNITED STATES, March 23, 2021 /EINPresswire.com/ -- The two entrepreneurs and the brains behind [Rock and Rich Uncomfortable](#) announce are launching a new type of podcast. They will have featured art work, contests and a host of surprises for the listeners. Their first guest, Jason Witten, will be available Tuesday, March 30, 2021.

The new podcast, featuring [Rocky Haire and Richard Harmer](#) (Rock and Rich), will feature A list celebrities, top athletes, business tycoons, influencers and a host of exclusive subjects and uncomfortable topics. Episodes will be released one time a week – each Tuesday, with a select bonus podcast once a month. The never-before-heard stories and the behind-the-person interviews will be exclusive to Rock and Rich.

“Both Rocky and I have an insatiable appetite to find out what makes people tick and to openly discuss and explore the uncomfortable,” says Richard Harmer. “The idea to turn our everyday conversations into a podcast was born out of a passion to move people to the edge of life versus being stuck in the middle and in the everyday boring grind.”

The natural storytellers, combined with the gift-of-gab, allowed them to pursue a dream they both had, to develop a new way to connect with people and feed their curiosities. “Whether we’re talking about death, addiction, divorce, sex or talking to celebrities that have been abused, I want to know more! I want to ask the hard questions, the question we all think but are too afraid to ask. I want to get into the uncomfortable parts of life that may suck,” said Rocky Haire. “This kind of in-depth conversation is not for everyone, but we need to be transparent and real.”
