

Experts to Share Strategies for Expediting EB-5 Green Card Applications

NEW YORK, NEW YORK, UNITED STATES OF AMERICA, March 24, 2021 /EINPresswire.com/ -- [EB5 Affiliate Network \(EB5AN\)](#), a leading EB-5 consultancy, regional center operator, and fund manager, will host a free webinar, "Expediting the EB-5 Approval Process," with guest panelists Rohit Kapura and Steven Reingold of Saul Ewing Arnstein & Lehr LLP (SAUL), on Thursday, March 25, at 3:00 PM EDT. The EB-5 Immigrant Investor Visa requires a minimum [investment](#) of \$900,000 or \$1.8 million. After investing the capital in a U.S. business enterprise, the investor submits an I-526 petition to U.S. Citizenship and Immigration Services (USCIS). This begins a complex and opaque process that can leave some immigrant investors feeling helpless as their case makes its way through the byzantine federal bureaucrazy.

All hope is not lost. EB-5 visa applicants, with the help of a skilled immigration attorney, can employ effective strategies to compel action by USCIS, which handles applications for permanent residency, and the U.S. Department of State, which issues visas for travel to the United States. EB5AN and SAUL seek to increase awareness of how investors can accelerate their approvals.

"The EB-5 visa is a very good option for foreign nationals seeking U.S. residency. But the process can sometimes go sideways, despite the best efforts of investors and their attorneys. This can be very frustrating for families who desire to immigrate as well as people already working in the U.S. on a nonimmigrant visa with an impending expiration. EB-5 investors can make their approvals happen faster, but it has to be done properly," said Sam Silverman, managing partner of EB5AN.

Created by the U.S. Congress in 1990, the EB-5 program provides a clear pathway to permanent residency and citizenship. Tens of thousands of families from nearly every country have successfully immigrated by making qualifying investments in U.S. projects and business enterprises. The EB-5 visa is popular among people currently living abroad as well as those already working in the U.S. on nonimmigrant visas.
