

Faith and Conservatism Key to Preserving American Values

Educating people of faith to engage in public affairs is important for maintaining biblical values in our society.

WOODLAND PARK, COLORADO, UNITED STATES, March 25, 2021 /EINPresswire.com/ -- Former Congressman J. Randy Forbes, president of the [Congressional Prayer Caucus Foundation](#), on a recent Truth & Liberty live cast discussed a number of issues, including the importance of Christian conservatism in America.

He was joined by Andrew Wommack, founder, Andrew Wommack Ministries, and Richard Harris, executive director, Truth & Liberty Coalition. Watch the full episode. [Click here.](#)

Conservatism has been a target of the left for many years, but since a new administration entered the White House, it has come under fire as anti-democratic and un-American.

"The greatest fight we are in today is the fight for faith, both personally and as a nation," said Forbes.

According to Congressman Forbes, for many years there were conservatives who wanted to have nothing to do with faith and would only pay lip service to their constituents. Also, there were people of faith who wanted nothing to do with government. "What we see today is a marriage of Christians and conservatives because they need each other to exist," he said.

"Conservatism at its core is the belief that a majority of the people with power cannot change certain rights," said Forbes. "There are certain authorities that are even above them."

"Throw out faith, and I think you lose conservatism in America," said Forbes.

“We find often that churchgoers and pastors don’t know where to start,” said Harris. “Our goal is to educate audiences and connect with resources and groups across the nation to help them impact their own spheres of influence.”

“Conservatism really is a belief in the principles that are enshrined in the Declaration [of Independence],” said

Harris. “And how does it begin? ‘That we hold these truths to be self-evident, that all men are created equal.’ So, you’ve got to have faith – it’s the foundational understanding.”
