A premier event in the Northeast boating community, the 13th annual Greenwich Boat Show will make its return in 2021 with a change of course as a 3-week long virtual event that will run April 5-25. This year's adapted show format creates an extended opportunity for boaters and dealers to safely connect online, in-person and on-water ahead of a much-anticipated 2021 boating season.

Boating has experienced a wave of unprecedented interest over the last year as more people discovered the value of spending time on the water. The Greenwich Boat Show will help meet the high demand for new boats and fulfill the increased desire to experience the freedom of enjoying time outdoors on the water.
