

Ride Hailing Market To Grow Through 2021 At Rate Of Almost 35%

The Business Research Company's Ride Hailing Market Report 2021: COVID-19 Growth And Change To 2030

LONDON, GREATER LONDON, UK, March 26, 2021 /EINPresswire.com/ -- Our reports have been revised for market size, forecasts, and strategies to take on 2021 after the COVID-19 impact:

<https://www.thebusinessresearchcompany.com/global-market-reports>

The global ride hailing market size is expected grow from \$42.25 billion in 2020 to \$56.87 billion in 2021 at a compound annual growth rate (CAGR) of 34.6%. The growth is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$108.15 billion in 2025 at a CAGR of 17%. The countries with ride-hailing market shares covered are Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

The ride-hailing market consists of revenue generated by ride-hailing used for [passenger transportation service](#) in which the passengers are connected with the vehicle drivers through a smartphone-based app. The industry comprises establishments primarily engaged in providing passenger transportation by automobile or van, not operated over regular routes and on regular schedules. Establishments of taxicab owners/operators, taxicab fleet operators, or taxicab organizations are included in this industry.
