PHOENIX, ARIZONA, USA, March 28, 2021 /EINPresswire.com/ -- [CBD Emporium](#), an upscale retail specialty CBD chain with locations throughout the United States, is excited to announce a partnership with [Medosi](#), a new hemp-derived CBD company in Kentucky serving independent pharmacies and healthcare professionals, that will establish a Medosi product selection on CBD Emporium's webstore and in selection locations in Las Vegas and Arizona.

Medosi's products are legally compliant, physician-formulated, non-GMO, all natural and organically grown on farms in the United States. All of our products are sourced in the United States. We pride ourselves in offering a high-quality product with best-in-class pricing – up to 50% less than leading competitors.

Medosi's family of products include full spectrum and THC-free hemp-derived CBD products such as tinctures, soft-gel capsules, gummies, topicals, a sublingual energy spray and a sublingual weight-loss spray, and there are new and innovative topical products coming soon. Each product comes with a batch-specific Certificate of Analysis performed by an independent, third-party, ISO/IEC certified laboratory that shows cannabinoid content, heavy metals, pesticides, terpenes and more.

Underscoring their commitment to educating pharmacists, healthcare professionals, their teams and their patients, Medosi offers a robust educational platform and materials that enable pharmacists and healthcare professionals to identify patients who may benefit from a Medosi product and help facilitate CBD education to those patients.
