

# Shipping and Maritime Organization selects Microsoft Dynamics 365 Finance and Supply Chain Management ERP and Unify Dots

*UNIFY Dots has been selected to implement Microsoft Dynamics 365 Finance and Supply Chain Management ERP for The Herma Group of Companies*

TAGUIG CITY, METRO MANILA, PHILIPPINES, April 7, 2021

/EINPresswire.com/ -- [UNIFY Dots](#), a global leading provider of Microsoft Dynamics 365 Business Applications and Cloud Software, has announced today its newest customer win for [Microsoft Dynamics 365 Finance](#) and Supply Chain Management [ERP](#): The Herma Group of Companies.

The Herma Group is a leading conglomerate with business interests in marine transport, ship management and vessel operations, ship owning, international bunkering, domestic fuel and lubricants supply, ship building/ship repair, port operations, environmental management services, and corporate services. The Herma Group was using an on premise Enterprise Resource Planning software that no longer served its needs and sought to leverage the technology and new capabilities of a cloud-based solution.

Microsoft Dynamics 365 Finance and Supply Chain Management, Microsoft's latest Enterprise Cloud-based ERP tool, was selected to be rolled out across all the Herma Group's Strategic Business Units (SBUs). With Dynamics 365 ERP, The Herma Group will be provided with a cloud-

Unify Dots selected to implement the Cloud-based Microsoft Dynamics 365 software for The Herma Group

based ERP solution that delivers powerful multi-company Financial and Accounting Management, Sales and Order Management, Procurement and Sourcing, Warehouse and Inventory, and Tax Compliance capabilities.

With this single platform approach, The Herma Group will also be able to enjoy the benefits of unified financial reporting, role-tailored workspaces and out of the box reports that are available in the system. They can also perform strategic financial decision-making that is made possible by Power BI – a self-service data analysis and report authoring tool that is embedded in Microsoft Dynamics 365. All of which would provide The Herma Group with improved visibility across its divisions and into its operations.

“We are excited to take The Herma Group through this Digital Transformation with Microsoft Dynamics 365 and Unify Dots to drive higher efficiency and ultimately better service for our customers.” says Irish V. Legaspi, Chief Operating Officer of Herma Corporation.

“Moving to Microsoft’s cloud platform represents a new phase of growth and expansion for The Herma Group.” said Manny Tanseco, General Manager at UNIFY Dots. “We are confident that Microsoft Dynamics 365 Finance and Supply Chain Management and Power BI will meet and exceed Herma Group’s growing information needs, accelerate and transform the way Herma does business, and future-proof their business processes.”

“

We are excited to take Herma Group companies through this Digital Transformation with Microsoft Dynamics 365 & Unify Dots to drive higher efficiency and ultimately better service for our customers”

*Irish V. Legaspi, Chief  
Operating Officer of Herma  
Corporation*

The Functionality that will be enabled will include:

- General Ledger
- Cash and Bank Management
- Accounts Receivable
- Accounts Payable
- Fixed Asset
- Procurement and Sourcing
- Budget Management

- Inventory Management
- Sales Order Management
- Project Management and Accounting

- Data Migration of various master records
- Training on Microsoft Dynamics 365 Finance and Supply Chain ERP

The Microsoft Dynamics 365 Finance ERP is planned to Go-Live for the pilot company in 2021 and roll out to the different SBU's in 2022.
