

Dolbey Partners with athenahealth's Marketplace Program to Offer Highly Customizable Speech Recognition

Dolbey, a provider of cloud-based speech recognition, today announced a partnership with athenahealth, Inc. through the company's Marketplace program.

CINCINNATI, OH, UNITED STATES, March 30, 2021 /EINPresswire.com/ -- Dolbey, a provider of cloud-based speech recognition, today announced a partnership with [athenahealth](#), Inc. through the company's Marketplace program. As part of the [athenahealth® Marketplace](#), this newly integrated application is now available to athenahealth's growing network of healthcare providers to allow for workflow automation and improved documentation efficiency.

"Fusion Narrate enables healthcare providers to more accurately and efficiently document patient encounters, blending voice recognition with a powerful set of workflow automation tools," said John Dolbey, VP/CFO of Dolbey. "athenaOne users will have the opportunity to navigate the EHR more quickly with powerful voice to text cloud technology, eliminate time-killing clicks and create individual (or shared) highly effective automations for their own personal styles of documentation."

athenahealth is a network-enabled, results-oriented software and services company that offers medical record, revenue cycle, patient engagement, and care coordination services for hospital and ambulatory clients nationwide. The company's vision is to build a thriving ecosystem that delivers accessible, high-quality, and sustainable healthcare for all. As a Marketplace partner, Dolbey joins a network of like-minded healthcare professionals who are looking to disrupt established approaches in healthcare that simply aren't working, aren't good enough, or aren't advancing the industry and help providers thrive in the face of industry change.
