“Our Efforts Focus not only on Providing Exceptional Patient Care but also on the Wellness Services and Community Outreach that Empower the People We Serve”, says Mr. Carter, CEO and Co-Founder of [Sterling Staffing Solutions](#). “We believe that by putting our clients first, we will always succeed.”

Sterling Staffing Solutions, headquartered in Sugar Land was founded by Mr. Carter and his business partner, Dr. Sterling L. Carter, in 2011. Their company staffs more than 1,000 physical, occupational and speech licensed

therapists, nurses and medical social workers throughout Texas and Oklahoma.

Here is an excerpt from the article:

'Our company will make a global impact on every consumer or client that it touches in a way that allows them to fulfill their God-given purpose.' This sounds greatly constructive. How is it relevant to your business?

Employees, clients, and vendors alike are looking to partner with companies that have not only a profit goal but a societal desire to make a difference. To truly be successful in what you do, you must find your passion. Once you find your passion, you find your purpose. We encourage those that we interact with to work in a way that allows them to reach their ultimate passion and purpose. Goals are simply dreams with a timeline. We want to ensure that each of our stakeholders achieve their dreams.:

If not a business leader, what else you wish to be?

A motivational speaker who encourages our youth to be better, do better, want more, and work harder.

Briefly walk us through your future plans. Where do you see your company a couple of years from now?

For the past decade, we have been committed to improving the accessibility of healthcare to the masses through the application of technology and innovative approaches to healthcare delivery. We have focused on being leaders in the Extended Care category of healthcare, including providing innovative tools, services, and care within home health, physical therapy, hospice, long-term care, assisted living, and nursing homes. It all starts with putting patients and families at the forefront. Our efforts focus on providing exceptional patient care when needed and on the wellness services and community outreach that engage and empower the people we serve to take charge of their health—all delivered by a team of mission-driven clinicians, employees, and administrators.

In 2020, we formed Cartera Health as our master brand. Our goal is to grow this brand nationally to exceed \$500 million in revenue. In the next five years, we will take the brand public and use it to increase the brand's outreach even further.
